SERVICE & PARTS TRAINING CATALOGUE MOTORS 2026

OUR COMMITMENT:
TO ASSIST YOU IN DEVELOPING THE COMPETENCE AND PERFORMANCE OF YOUR EMPLOYEES AND YOUR SERVICE.

Version of September 27, 2025

EDITO

Dear Subsidiary,

The Group Academy is pleased to present its catalogue of services for 2026 and to inform you of our commitments for all subsidiaries:

- ✓ **To support you in developing the skills and performance of your employees and your service,**
- ✓ **To support you in resolving technical problems on customer vehicles,**
- ✓ **To standardize and normalize the skill levels of the group's technicians.**

The diversity of brands deployed by CFAO is a real asset for the development of our skills development offers to subsidiaries throughout the company's territories. This diversity challenges us to ensure a high level of service quality within the after-sales service, the parts service, the sales department and the financial and legal service.

To improve the quality of your employees' services, we recommend deploying the following technical skills acquisition cycle:

- ✓ **Measure** the current skills of technicians and teams,
- ✓ **Exploit** the results to guide the skills development strategy,
- ✓ **Define** individual and collective skills development plans,
- ✓ **Acquire** new skills through face-to-face or remote trainings,
- ✓ **Certify** the new skills acquired,
- ✓ **Apply** new skills in a professional environment,
- ✓ **Perform** in a professional environment.

We also offer to **assist** you in **resolving technical problems** that you encounter in your workshops, with **technical support integrated** into the Academy.

The development of new skills is carried out by certified experts each in their areas of expertise, using innovative training methods.

Thank you for your commitment to developing the skills of your employees. We look forward to hearing from you.

Laurent GONIN

TEAM MOTORS

The Douala Academy for MOTORS is dedicated to the **TOYOTA**, **SUZUKI, BYD, MERCEDES, MITSUBISHI, OMODA&JAECOO, PEUGEOT** et **CITROEN** brands.
The Academy is equipped with:

- A reception and restaurant,
- Three training rooms (blackboard, video projector, etc.),
- A 400 M² workshop,
- Engine, transmission and other didactic equipment,
- Eight véhicules,
- A parts store.

Our training courses are delivered at the Douala Academy and within all our subsidiaries. We also provide training at our customers' sites. Training sessions are made up of a maximum of twelve trainees.

Laurent GONIN
Director of CFAO training

André Yves BOKALLY
Training Coordinator & Project Manager

Claudia EYINGA
Training Assistant

Cédric PAKO
SUZUKI Trainer and Expert Support Technician

Eugène EBENE
TOYOTA Trainer and Expert Support Technician

Damas NGUE LAH
TOYOTA Trainer and Expert Support Technician

Brice NECHI
STELLANTIS Trainer and Expert Support Technician

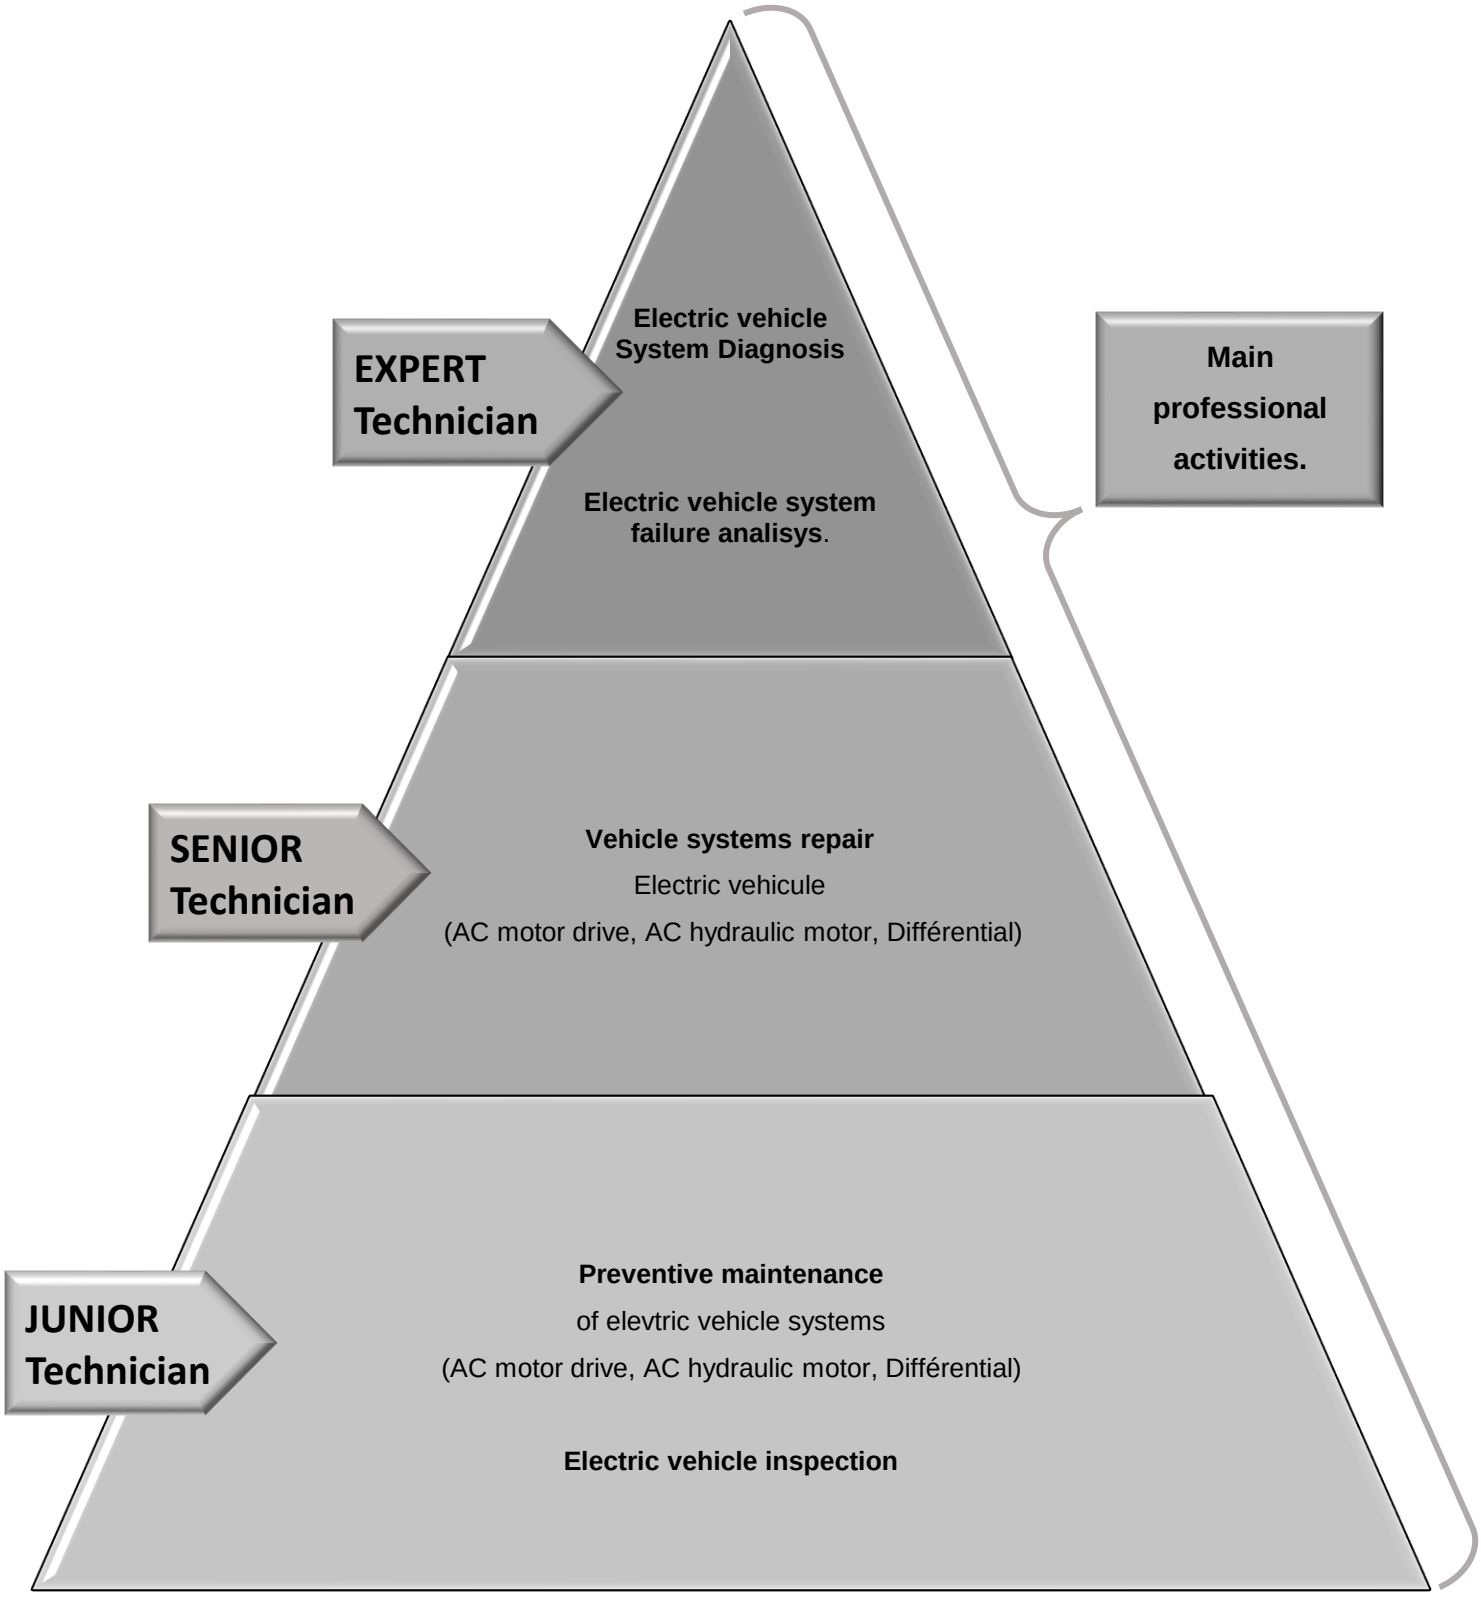

Gérold SADIO
Process SAV and Parts Trainer

Bomba COULIBALY (RCI)
MITSUBISHI Trainer and Expert Support Technician

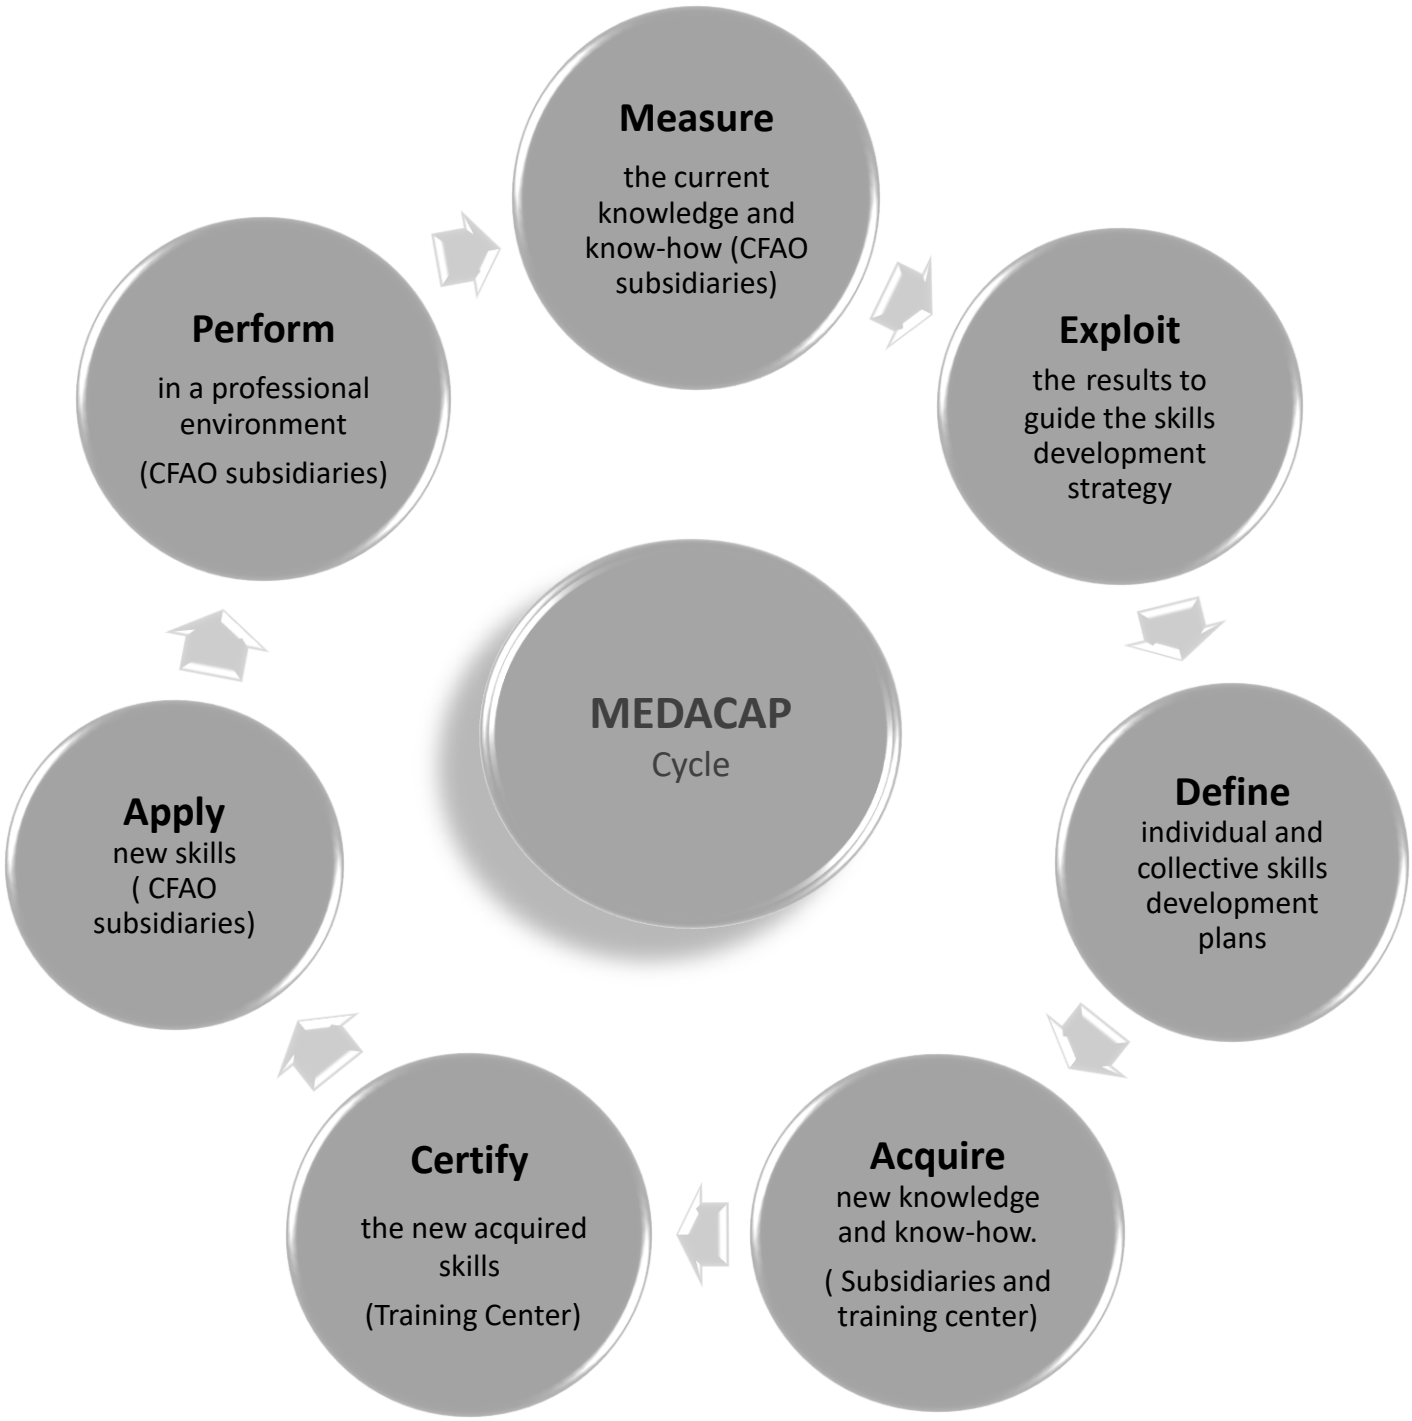

TECHNICIANS SKILL LEVELS

TRAINING BY TECHNICIAN LEVEL

Training Level	Online Systems Training (Knowledge)	List of In-Person Training and Certifications (Expertise)	Duration (Days)
EXPERT TECHNICIAN	• Systems diagnostics with DTC, • Study of the control of all vehicle systems, • Study of the multiplexing system, • Other online courses.	✓ Coming soon	
SENIOR TECHNICIAN	• Study of the various vehicle components and systems (engine, transmission, braking, steering, etc.) • Study of all workshop processes and overhaul/repair operations, • Other online courses.	✓ Coming soon	
JUNIOR TECHNICIAN	• Study of all vehicle systems, • Study of all workshop processes and preventive maintenance operations, • Study of maintenance principles, • Introduction to electricity and electronics, • Other online courses	✓ **Service notices** for OMODA & JAECOO electric vehicles. ✓ **Preventive maintenance** for OMODA & JAECOO electric vehicles, ✓ **Certification:** Preventive maintenance for OMODA & JAECOO electric vehicles.	05 04 01

DEVELOPING THE PROFESSIONAL EXPERTISE OF TECHNICIANS

CONTENTS

Page	Activity	Code	Training designation	Dates
3 à 5	Programme de formation			
7	O&JEV01	Notice of work on a hybrid and electric vehicle		
8	O&JEV02	Preventive maintenance for OMODA & JAECOO electric vehicles,		
9	O&JEV03	Certification: Preventive maintenance for OMODA & JAECOO electric vehicles.		

O&JEV01	NOTICE OF WORK ON A HYBRID AND ELECTRIC VEHICLE

Level, Mode and Duration	Advanced	Face-to-face	05 days
Animator	**Brice NECHI**		
Goals	• Secure an O&J hybrid and electric vehicle before any technical work (maintenance, repair, diagnostics) • Lock out/de-energize an O&J hybrid and electric vehicle • Unlock an O&J hybrid and electric vehicle • Maintain O&J hybrid and electric vehicle systems (powertrain, chassis, electrical) in operation according to the manufacturer's recommendations • Inspect systems (powertrain, chassis, electrical) according to the manufacturer's recommendations • Perform routine operations on the various systems		
Description **Theory (30%), Practical (70%)**	► **Theoretical part** : • Risk and danger in case of exposure to high voltage Electrical • Introduction to Personal and Collective Protective Equipment (PPE) and (PCE) • Technical Specifications of Hybrid and Electric Vehicles • Use of the Chery manufacturer's repair manual • Study of High Voltage (HV) circuits • Study of Low Voltage (LV) circuits • Study of the thermal management system • Procedure for locking out before work and locking out after work • Precautions related to preventive maintenance ► **Practical Part** : • Pre-delivery inspection (PDI) • Locking out before work and locking out after work • Locating the main components for preventive and corrective maintenance • Locating the thermal management system components • Commissioning and using the diagnostic tool (Launch X-431 PAD5) • Reading High Voltage and Low Voltage circuit diagrams • Deactivating and commissioning the electric braking system • Key registration (remote control) • Calibrating the 360° view cameras		
Target audience	Technicians OMODA & JAECOO		
Prerequisites	Knowledge of electricity and reading wiring diagrams		
Language	French/English		
Equipment	Equipped training room, Computers, Hybrid (JAECOO J7) and electric (OMODA E5) vehicles available, Lift, Workshop tools, Measuring tools, Diagnostic tools (Launch X-431 PAD5), PPE, EPC, and high-voltage intervention tools.		
Documentation	Attendance sheet, Satisfaction sheet, Attestation of participation		

O&JEV02	PREVENTIVE MAINTENANCE OF OMODA & JAECOO ELECTRIC VEHICLES

Level, Mode and Duration	Junior	Face-to-face	05 days
Animator	**Brice NECHI**		
Goals	• Maintain systems (powertrain, chassis, electrical) in operation according to the manufacturer's recommendations, • Inspect systems (powertrain, chassis, electrical) according to the manufacturer's recommendations, • Accept OMODA & JAECOO customer vehicles. Description		
Description **Theory (30%), Practical (70%)**	► **Theoretical part** : • History, values, and organization of the OMODA & JAECOO after-sales service, • Principles of OMODA & JAECOO vehicle acceptance, • Description of the vehicle structure and roles of the various electrical systems, • Different types of maintenance (preventive, curative, other), • Principles of using metrology tools, • Procedure for performing checks and inspections, • Precautions to take during periodic maintenance operations, ► **Practical Part** : • Removing and installing components (motors, pumps, differential, etc.) according to the manufacturer's recommendations, • Checking the conformity of components (dimensions, voltage, current, etc.) according to the manufacturer's recommendations, • Inspecting systems (powertrain, chassis, electrical) with the assistance of the diagnostic tool (Launch X-431 PAD5). Target Audience: Operational technicians in preventive maintenance • Prerequisites: Basic training in electricity and electronics		
Target audience	Technicians OMODA & JAECOO		
Prerequisites	Knowledge of electricity and reading wiring diagrams		
Language	French/English		
Equipment	Equipped training room, Computers, Hybrid (JAECOO J7) and electric (OMODA E5) vehicles available, Lift, Workshop tools, Measuring tools, Diagnostic tools (Launch X-431 PAD5), PPE, EPC, and high-voltage intervention tools.		
Documentation	Attendance sheet, Satisfaction sheet, Attestation of participation		

O&JEV03	CERTIFICATION: PREVENTIVE VEHICLE MAINTENANCE

Level, Mode and Duration	Junior	Face-to-face	05 days
Animator	**Brice NECHI**		
Goals	• Assess technical skills in preventive maintenance operations for electric vehicles, • Certify technicians who have validated preventive maintenance operations for electric vehicles.		
Description **Theory (30%), Practical (70%)**	► **Theoretical part** : • Powertrain system (Fuel, Lubrication, Ignition, Cooling system, etc.), • Chassis system (Clutch, steering, brakes, suspension, vehicle movement), • Electrical systems (starting, charging, wiring, HVAC), • Workshop organization (Activities, Advisor, etc.). ► **Practical Part** : • Inspect vehicles, • Remove and reinstall components (motors, pumps, etc.), • Check/verify component compliance before reassembly, ► **Certification of technicians who have validated the assessments.**		
Target audience	Non-certified OMODA & JAECOO technicians		
Prerequisites	Have completed classroom training in preventive maintenance for electric vehicles		
Language	French / English		
Equipment	Equipped training room, Computers, Hybrid (JAECOO J7) and electric (OMODA E5) vehicles available, Lift, Workshop tools, Measuring tools, Diagnostic tools (Launch X-431 PAD5), PPE, EPC, and high-voltage intervention tools.		
Documentation	Attendance sheet, Satisfaction sheet, Attestation of participation
